

About Wazen Program

The free Wazen program was launched in 2014 as one of the Nahdi Medical Company programs to support and promote social responsibility in the community, which aims to help losing weight the right way and practice a healthy and balanced lifestyle.

The program offers many free services to the honorable guests and visitors of Nahdi pharmacies, including (but not limited to):

- 1 Calculating body indicators such as: weight, body mass, muscle, bone, and fat percentage.
- 2 Free consultations and services, such as the service of obtaining a diet plan for each guest or visitor.
- 3 Advertising materials and guiding campaigns that will help the guest or visitor practice a healthy and balanced lifestyle, which will be available on the social media of Nahdi Medical Company.
- 4 Strategic partnership with many entities, including governmental, semi-governmental, private, and non-profit sectors, in introducing community initiatives aimed at promoting a healthy lifestyle within the Saudi society.
